ADIA Member	TRUST MARK	ISO 20252	ISO 27001	IDSCS
	The Trust Mark is a seal of endorsement that ensures that ADIA member organisations are compliant with the highest ethical standards, particularly in regard to privacy. The Trust Mark provides buyers of research the assurance that their data is protected. To qualify for the Trust Mark, members adhere to the Industry Code and The Research Society Code of Professional Behaviour, plus hold the International Standard for Market, Opinion and Social Research certification (ISO 20252).	AS ISO 20252 is the International ISO standard for market, social and opinion research. ISO 20252 covers all the stages of a research study: from the initial contact between the client and service provider, to presentations of results to the client.	ISO 27001 is the leading international standard focused on <b>information security</b> that was developed to help organisations, of any size or any industry, to protect their information in a systematic and cost-effective way, through the adoption of an Information Security Management System.	The ADIA Information and Data Security Compliance System (IDSCS) introduces and supports member organisations with phase one of the ISO 27001 audit process.
